

# Air Export Services

Farrow Global Logistics can pick up from any U.S. location and export air cargo within the US or throughout the world.

## HOW AIR FREIGHT WORKS

Air freight is picked up by truck and transferred to a warehouse where it is weighed, measured, booked, and labeled for export. It is then delivered to an airline to be loaded onto a cargo/commercial plane.

## INFORMATION NEEDED TO QUOTE

- Name and Address of Shipper
- Pick up location details (i.e. is there more than one pickup location? If so, how many, where?)
- Number of pieces, weight. If your shipments are to be frequent and regular shipments, we'll require the frequency and range of weights
- Commodity
- Additional details such as: time requirements, whether dangerous goods, whether goods are perishables
- Terms of sales and financing/Incoterms
- Destination
- Dimensions are needed for quoting
