When it comes to delivering on brand equity, peace of mind goes a long way.

TRUST FARROW LOGISTICS TO HELP SATISFY YOUR CUSTOMERS AND BUILD YOUR REPUTATION.

Earning trust takes more than just offering quality products. If your shipments don't make it to your client's business on time, or they arrive damaged, it can cost you a lot more than simple replacement costs, it can cost your reputation and repeat business.

With the Farrow Logistics team on your side, you can enjoy the peace of mind that comes from knowing your reputation will arrive intact with every shipment. Our comprehensive services, including effective customs and compliance solutions are the reason national, and international brands, rely on Farrow every day to ensure their products get where they need to go, when they need to get there.

WHAT FARROW LOGISTICS DELIVERS:

- Customs and compliance solutions
- Agile delivery options for shipments of any size
- Customizable IT solutions
- Industry Leading customer service

CLIENT SNAPSHOT: PHARMACEUTICAL

Due to the stringent nature of federal pharmaceutical regulations, Farrow developed a custom logistics program for our client. This included custom temperature and pest control measures, enhanced security and operational procedures and ensured the company remained compliant with Health Canada and GMP requirements.

FULFILLING MORE THAN 5,000 CANADIAN ORDERS PER YEAR? CHOOSE FARROW.

GMP CERTIFIED

As part of our commitment to service, Farrow Logistics follows strict GMP (Good manufacturing practice) guidelines and procedures. We employ stringent pest control, state-of-the-art security, temperature control systems and more to ensure your products are always protected and compliant with federal regulations.

How we help.

CONSOLIDATING RETURNS TO ACHIEVE BETTER PROCESS FLOW AND SAVE MONEY.

The Challenge

An American supplier of forklifts and forklift parts to a large automotive manufacturer needed to find a way to cut costs and manage returns from their dealers in Canada. Farrow was tasked with setting up an account to aid in facilitating the returns and shipping them back across the border.

The Solution

After a thorough review of the company's facilities, products and challenges, Farrow proposed that the company's Canadian dealers send all returns to Farrow warehouses in Windsor or Vancouver. This would allow Farrow to warehouse the items, consolidate them for economical shipping, and export them to the company's facility in the U.S. on an as-needed basis.

THE RESULTS

Thanks to the Farrow solution, not only was the company able to trim the costs of returns for their Canadian dealers, they were also able to manage the flow of returns, making it easier for their U.S. facility to receive and process them.
